ANNUAL REPORT 2011/2012 – DEPARTMENT OF ANIMAL PRODUCTION

Introduction

The Department of Animal Production is one of the oldest departments of the University of Nairobi. Located at Upper Kabete Campus, Faculty of Veterinary Medicine, the department is also a full member of the Faculty of Agriculture. Since its inception, the department has participated in the production of several veterinarians, agriculture graduates, food technologists, range managers, agricultural engineers in addition to several Masters of Science in Animal Nutrition, Animal Genetics and Breeding and Management of Livestock production systems as well as many Ph.D.s in specific aspects of Animal science Academic Programmes. The department offers courses in animal production to undergraduates of the faculties of Agriculture and Veterinary Medicine.

List of Academic Programme:

Certificate Programmes

1) Poultry Management
2) Dairy Management

Postgraduate Programmes

1) M.Sc. Livestock Production Systems
2) M.Sc. Animal Nutrition and Feed Science
3) M.Sc. Animal Genetics & Breeding
4) M.Sc. Poultry Science

Number of New students admitted into each academic programme:

Animal Science Major 3rd Year (2011/2012) = 9 students
Animal Science Major 4th Year (2011/2012) = 2 students
M.Sc. Animal Nutrition and Feed Science (2011/2012) = 3 students
M.Sc. Animal Genetics & Breeding (2011/2012) = 3 students
PhD Animal Nutrition and Feed Science (2011/2012) = 1

Number of students who graduated from each programme

Animal Science Major 4th Year (2011/2012) = 6 students
PhD Animal Genetics & Breeding = 1 student

External Examiners appointed in 2011/2012 Academic Year:

(1) Prof. B.O. Bebe, Dept. of Animal Science, Egerton University.
(2) Prof. George W. Oduho Oliech, Dept. of Animal Science, Chepkoilel University College.
(3) Prof. Alexander K. Kahi, Dept. of Animal Science, Egerton University
Research Activities:

Dr. Joyce Maina

**Research Activities:**
1. Promoting a sustainable aquaculture sector using a value chain approach: Funded by National Council of Science and Technology – 7 million
2. Integrated rice-fish farming at Mwea Irrigation Scheme in Kenya – validation of models (Funded by Ruforum with Dr. Kariuki of Kenyatta University as the Principal Investigator – total funding – 4 million.

Dr. J.O. Jung’a Research Activities

Antibiotic resistant Escherichia coli feecal samples of captive baboons not normally exposed to antibiotic. Dominic K. Mureithi, Jung’a J.Ol, Mitema E.S.; Mapenay L.M., and Ozwaru H.S.

Submitted to Journal of Microbial Resistance.

Prof. Mitaru’s Funded Projects:

Sustainable Intensification of Sorghum – Legume System to Improve Livelihood and Adaptation to Climate Change in Semi Arid Areas.

Funding by ASARECA – USD 153,935.00, Sub-Grant Agreement No. ASARECA/SC/011/01.

Pearl Millet Innovations for improved livelihoods in drought prone areas of East and Central Africa Sustainable Intensification of Sorghum.- Legume System to Improve Livelihood and Adaptation to Climate Change in Semi Arid Areas.

Period: September 1, 2011 to December 31, 2013.

Funding by ASARECA – USD 90,000.

BY Joel W. Ochieng, PhD, Department of Animal Production, CAVS

Antibiotic resistant Escherichia coli feecal samples of captive baboons not normally exposed to antibiotic. Dominic K. Mureithi, Jung’a J.O, Mitema E.S.; Mapenay L.M., and Ozwara H.S.

Livestock Research for Rural Development 23(9) 2011.
Published 1, September 2011.

**Workshops/Conferences/Symposium attended by Members of Dept. of Animal Production:**

**PROF. P.N. MBUGUA**

**Attended KARI Seminar on Arid lands.**

2. Faculty Biennial conference (28th September, 2011) presented 3 papers:
   (a) Climate change on animal production in Kenya – review.
   (b) Role of poultry in smallholder livelihood.
   (c) Mineral Nutrition in sheep and goats.

3. Assessment of climate in Kajiado District.

**DR. L.W. KABUAGE**

1. Evaluation of smallholder poultry production and its contribution to household income and nutrition in Kiambu West District, Kenya.

2. Effects of substituting maize with rice milling by products in commercial layer chicken diets by Njuguna, W; Kabuage, L.W. and Maina, J.G.

**Workshops attended:**

**B.O. INYANGALA**

ASARECA end of the year project meeting in Kigali, Rwanda 21-25th March 2011.

**Dr. J.O. Jung’a**

   Held at Kenya School of Law – Karen 12 – 16 September 2011.

**Prof. Gachuiiri attended:**

**Prof. C.K. Gachuiri**

1. (a) Papers presented: Mineral status of sheep and goats grazing in the rangelands of Northern Kenya.
   Longarite M.I.\textsuperscript{a}, P.M. Mbugua\textsuperscript{b}, C.K. Gachuiri\textsuperscript{b}, and L.W. Kabuage\textsuperscript{b}
(b) Response of sweet potato dual purpose varieties to harvesting regime.

Manoa Lonita¹, Charles Gachuiri¹, Ben Lukuyu², Jane Wamatu¹, Sammy Agili³, Joyce Maina¹

**PROF. M.S. BADAMANA ATTENDED:**

Regional Dissemination Workshop held on 28-30 November, 2011 at the Olasit Gardens, Arusha, Tanzania.
1. Innovation teaching and learning approaches that promote the development of sustainable agricultural value chains.
   Proceedings of aGRO-2011 conference, Faculty of Agriculture, University of Nairobi (26-28th September 2011).

   Proceedings of aGRO-2011 Biennial Conference, Faculty of Agriculture, University of Nairobi, Kenya (26th -28th September, 2011).

3. Strengthening capacity of local universities to promote and teach rural innovation processes.
   Proceedings of aGRO-2011 Biennial Conference, Faculty of Agriculture, University of Nairobi, Kenya (26th -28th September, 2011).

4. Application of enzyme technology to improve the nutritive value of high-fibre feedstuffs for non-ruminants.
   Proceedings of aGRO-2011 Biennial Conference, Faculty of Agriculture, University of Nairobi, Kenya (26th -28th September, 2011).

5. Effects of substituting maize with rice-milling by-products in commercial layer chickens.
   Proceedings of aGRO-2011 Biennial Conference, Faculty of Agriculture, University of Nairobi, Kenya (26th -28th September, 2011).

   Proceedings of aGRO-2011 Biennial Conference, Faculty of Agriculture, University of Nairobi, Kenya (26th -28th September, 2011).

7. Response of sweetpotato dual purpose varieties to harvesting regimes.
   Proceedings of aGRO-2011 Biennial Conference, Faculty of Agriculture, University of Nairobi, Kenya (26th -28th September, 2011).
Outreach and Community Services:

1. P.N. Mbugua and C.K. Gachuiri – Outreach Programme in Makuyu
2. Prof. Gachuiri - Outreach: Training of dairy farmers group in Punda Milia Location of Makuyu Division, Maragwa District. 30th September 2011.
3. Guest of honor at Forest view academy on the occasion of meeting parents and students of Form 3 on 17th November, 2011.

Doctor of Philosophy thesis published:

Title and Author

Computer-Based Techniques for Efficient Milk Production by Optimizing Mate Allocation Strategies in Dairy Populations in Kenya by David Macharia Njubi

Exhibitions the department participated in:

(1) The ACK Nairobi International Trade Fare 2011

Awards the Department won:

Prizes won at NITF (Nairobi International Trade Fare)

1. Received two trophies:
   • Pirrie cup
   • Kenya Poultry Development Company Ltd.
2. Received a participation certificate in Nairobi International Trade Fare Year 2012.
3. Rabbits Prizes
   4 prizes won (3 first prizes and 1 second prize)

1st Prize:

• Adult Buck New Zealand White
• Champion Buck
• Best Doe and Litter less than 8 weeks
• Adult Doe Newzealand

2nd Prize

• buck and Doe 5 months
4. Poultry & Egg won:
   • 6 matched Normal Hen Eggs Brown
